American Resurrection: The Failure Of The U.S. Constitution And The Rebirth Of A Nation Sean Edwards

The Constitution has failed, and most people don't even realize it.

Over the past century, both Republicans and Democrats have forgotten its purpose... and our nation's great destiny.

No one party is to blame. We have just forgotten the reason why our nation exists.

Hidden behind misunderstood and empty party slogans, our country is caught in a confused struggle to do what is right. We have cannibalized our principles and forgotten who we are.

This book is an attempt to reawaken the giant that changed the world. The ideas that led to our nation's founding still have the power to radically change history. We only need to remember them.

Liberal or conservative, this book will challenge you to see the world in a new and powerful way. Sacred cows in both parties will be put to the test. And hopefully, our nation can begin the journey back to greatness.

The United States still has a destiny to fulfill in the world, the only question is... will we do what is necessary to realize that future?
