Ramblings of a Targeted Individual Sharon R. Poet

This book contains over four years of blog writings that aimed to help Targeted Individuals and the rest of humanity to become aware of, and help stop, covert targeting...etc. It is also a good example of what a Targeted Individual goes through in the process of carrying the immense burden of trying to prove and expose technological mind control enslavement and torture as well as covert harassment, pharmaceutical targetings...etc., while still being targeted. Please read this book with your Heart, excuse by bloopers and blunders, and do all that you can to help stop the human enslavement program and all other levels of technological and pharmaceutical targeting of humanity. This new fifteenth edition of this book contains a bit less and a bit more than previous editions. Doing these writings while being harassed and sometimes tortured has been an immense challenge to say the least. I hope they help all of us to regain our freedom.
