## Apes and Angels (Star Quest Trilogy) Ben Bova

Six-time Hugo Award winner Ben Bova chronicles the saga of humankind's expansion beyond the solar system in *Apes and Angels*, the second book of the Star Quest Trilogy which began with *Death Wave*.

Humankind headed out to the stars not for conquest, nor exploration, nor even for curiosity. Humans went to the stars in a desperate crusade to save intelligent life wherever they found it.

A wave of death is spreading through the Milky Way galaxy, an expanding sphere of lethal gamma radiation that erupted from the galaxy's core twenty-eight thousand years ago and now is approaching Earth's vicinity at the speed of light. Every world it touched was wiped clean of all life. But it's possible to protect a planet from gamma radiation. Earth is safe.

Now, guided by the ancient intelligent machines called the Predecessors, men and women from Earth seek out those precious, rare worlds that harbor intelligent species, determined to save them from the doom that is hurtling toward them.

The crew of the *Odysseus* has arrived at Mithra Gamma, the third planet of the star Mithra, to protect the stone-age inhabitants from the Death Wave. But they'll also have to protect themselves.

### The Star Quest Trilogy

#1 Death Wave

#2 Apes and Angels
