Photoshop for Lightroom Users (2nd Edition) (Voices That Matter) Scott Kelby

Anyone who uses Adobe's Lightroom for image management, editing, and workflow knows it's amazing software -- and with each new version, it gets even better. But there comes a time in every photographer's life when they want to do things Lightroom still can't do. When you need to go beyond the 80% of a professional imaging workflow that Lightroom can handle, you need Photoshop -- and this fully-updated, full-color book.

Scott Kelby wrote **Photoshop for Lightroom Users, Second Edition** for every Lightroom user who's ready to take their images to the next level. Kelby covers topics ranging from compositing to superimposing text over an image, creating book covers to advanced retouching and sharpening.

Fully updated with new examples, photographers, techniques, and workflows, this is the only book of its kind... and, since it's from Scott Kelby, you can expect the friendly, entertaining style and unmatched expertise that have made him the world's #1 author of photography technique books for six straight years.

Perfect for the growing number of photographers subscribing to Adobe's new low-cost Adobe Creative Cloud Photography plan, **Photoshop for Lightroom Users, Second Edition** covers all the edits, techniques, and tweaks you can't do in Lightroom -- but you can do in Photoshop!
