Prevenient Grace

W. Brian Shelton

Prevenient Grace W. Brian Shelton

God enables all people to exercise saving faith in Christ by mitigating the effects of depravity, an initiative that theologians call prevenient grace or enabling grace. Dr. Shelton clearly identifies the proper place of this concept in the theological landscape and calls for a new dialogue about its role in individual salvation.

Prevenient grace has been a bone of contention between Wesleyan and Calvinist Christians for nearly five hundred years. However, Dr. Shelton traces the biblical and historical roots of this concept and concludes that it is vital to understanding how God reaches sinful human beings. He explains, This book endeavors to show that prevenient grace is implicit if not explicit in Scripture; that it is not contrary to any other biblical teaching about salvation; and that it offers the best coherence of the biblical data on saving faith.
