Magnolias in Art and Cultivation

Jim Gardiner, Barbara Oozeerally, Stephen A. Spongberg

Magnolias in Art and Cultivation Jim Gardiner, Barbara Oozeerally, Stephen A. Spongberg

In 1999, the Museum of Fine Arts in Houston reportedly paid \$1.25 million for a single painting, *Magnolias on Gold Velvet Cloth*. A striking close-up of magnolia buds, this painting is just one high-profile example of the evocative power magnolias have on art and culture. Gardeners have revered the plants since they were first introduced into cultivation more than three hundred years ago, and they continue to be a showpiece addition to gardens. From serving as medicine in Japan and China, to dotting lawns and flags in the American South, magnolias are a true worldwide favorite.

Magnolias in Art and Cultivation celebrates our centuries-long love of this plant. The first illustrated book on magnolias, it is a perfect blend of science and art. All magnolia species are included along with nearly one hundred hybrids. Informative text and comprehensive botanical descriptions from magnolia experts are joined by breathtaking paintings created especially for the text. An educational and entertaining read, *Magnolias in Art and Cultivation* will delight anyone captivated by these beautiful plants.

Don't be worry should you be afraid that this book may filled the space in your house, you might have it in e-book technique, more simple and reachable. This kind of Magnolias in Art and Cultivation can give you a lot of pals because by you looking at this one book you have issue that they don't and make anyone more like an interesting person. This book can be one of one step for you to get success. This reserve offer you information that perhaps your friend doesn't realize, by knowing more than various other make you to be great people. So , why hesitate? We should have Magnolias in Art and Cultivation.

Jessica Duncan:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some book, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Magnolias in Art and Cultivation can make you sense more interested to read.
