Julia Olsen and Nate Kirkland, St. Sunniva University's time-traveling crime-stoppers, are back and facing their toughest challenge yet in this third and final installment of the series. Sabina, their adopted niece from the lost city of Pompeii, has gone missing—in the bellbottom decade, of all places.

The situation requires sharp investigative skills of the literary kind, as Sabina has managed to outwit History and disappear into parts unknown, with the only clues to her whereabouts hidden in a Kurt Vonnegut novel. But fiction and reality collide as it soon becomes clear that the consequences may be all too real...and all too high. Can Julia and her teammates rescue Sabina before the final, unstoppable showdown with History?

Continuing where *The Far Time Incident* and *The Runestone Incident* leave off, *The Bellbottom Incident* brings the series to a gripping conclusion in this lively adventure through history, science, and literature.
