The Story of a Thousand History of the Service of the 105Th Ohio Volunteer Infantry, in the War for the Union from August from August to June to June (Classic Reprint) Albion Winegar Tourgee LI

The Story of aT housand is intended to be what the name imports, a story of the service of the 105th Regiment ofO hio Volunteer Infantry in tlie War of Rebellion, dealing with events of a general interest to all its members rather than with mere personal incident. While it is true, that personal incident may be of especial interest to the survivors, the general public and even our immediate descendants, are less concerned about such matters than the general character of the service. I have therefore, endeavored to restrict personal incident almost entirely to illustrative events common to the experience of all. Fortunately, perhaps, the regiment whose history I was asked to write, was one in which personal adventure cut a remarkably small figure. In its whole history, there is hardly an instance of individual contact with an enemy. There are no startling experiences to relate, no deeds of special daring or hair-breadth escapes. Except Captain Wallace srush after an escaping sp} on the 17th of November, 1864, striking him with the hilt of his saber with such force as to break the guard and render his recapture easy, there is hardly a case of individual conflict. One other officer was saved from a personal encounter with a confederate in the charge made at Chickamauga, by a shot from one of the men. But, as a rule, while all experienced many pleasant and unpleasant episodes, they were not of a character to be of general interest or importance.
