Silver Coin Pricing Guide, 1800-2000: A Reference for Buying and Selling 19th and 20th Century World Coins on eBay, Websites and at Coin Shows Donald O. Case

This is a guide for people who buy and sell silver coins—on eBay, on other Internet websites, at coin shows or coin stores, or elsewhere. It is intended for those who buy or sell coins based on their investment value, rather than their design or scarcity. This book displays the bullion value of silver coins for every world nation and year of origin between 1800 and 2000. An alphabetical listings of countries and denominations (and sometimes a simple addition), shows the base value of any common silver coin. This is vital information, because many current coin guides have not recalculated bullion values, and continue to estimate coin value based on silver prices from a time when it was worth only a fraction of today's value.
