*The Urantia Book* offers a complex revelation about the evolving human soul that stands alone in its coherence and richness of detail. *Your Evolving Soul* is the first book to explain this advanced teaching for the ordinary reader, especially as it relates to depth psychology, modern cosmology, and paranormal studies.

At any moment, our soul represents the energetic synthesis of the psycho-spiritual import of the entirety of our life experiences. Each day, our soul evolves by virtue of ordinary “soul-making” decisions that shape our character as we slowly grow into maturity. The soul advances in close partnership with the indwelling spirit, which confers upon us the potential to fulfill our God-given destiny?now and into an eternal afterlife where perfection is achieved. In this book, readers will discover how our evolving soul is not only an immortalizing vehicle of our unique personal identity, but also how its growth contributes something crucial to all other souls and even to the evolution of God itself.

Belitsos compares these futuristic Urantia Book teachings to traditional East and West descriptions of self and soul showing how this legendary revelatory text clarifies the key differences between the unique personality, the indwelling spirit, and the questing soul. Through his lucid interpretation of *The Urantia Book* material, the author offers a model of the human soul to be tested, examined, and compared?not a finished truth to be accepted as doctrine. *Your Evolving Soul* concludes with a unique set of universal practices appropriate to every belief system that can enrich anyone’s spiritual path and soulful evolution.
