ACCCN's Critical Care Nursing Leanne Aitken, Andrea Marshall, Wendy Chaboyer

With each edition, *ACCCN's Critical Care Nursing* has built on its highly respected reputation. Its contributors aim to encourage and challenge practising critical care nurses and students to develop world-class critical care nursing skills in order to ensure delivery of the highest quality care.

Endorsed by the **Australian College of Critical Care Nurses (ACCCN)**, this 3rd edition presents the expertise of foremost critical care leaders and features the most recent evidence-based research and up-to-date advances in clinical practice, technology, procedures and standards.

Expanded to reflect the universal core elements of critical care nursing practice authors, Aitken, Marshall and Chaboyer, have retained the specific information that captures the unique elements of contemporary critical care nursing in Australia, New Zealand and other similar practice environments.

Structured in three sections, *ACCCN's Critical Care Nursing, 3e* addresses all aspects of critical care nursing, including patient care and organisational issues, while highlighting some of the unique and complex aspects of specialty critical care nursing practice, such as paediatric considerations, trauma management and organ donation.

- **Presented in three sections:** - Scope of Critical Care - Principles and Practice of Critical Care - Speciality Practice
- **Focus on concepts that underpin practice** - essential physical, psychological, social and cultural care
- **New case studies** elaborate on relevant care issues
- **Practice tips** highlight areas of care particularly relevant to daily clinical practice
- **Learning activities** support knowledge, reflective learning and understanding
- **Additional case studies with answers available on evolve**
- NEW chapter on postanaesthesia recovery
- Revised coverage on metabolic and nutritional considerations for the critically ill patient
- Alignment with the NEW ACCCN Standards for Practice

From reader reviews:

Paul Blecha:

Reading a e-book tends to be new life style on this era globalization. With reading through you can get a lot of information that will give you benefit in your life. With book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Many author can inspire their own reader with their story or their experience. Not only the storyline that share in the ebooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some study before they write for their book. One of them is this ACCCN's Critical Care Nursing.

Lawrence Weatherby:

This ACCCN's Critical Care Nursing is great guide for you because the content that is certainly full of information for you who always deal with world and also have to make decision every minute. This kind of book reveal it info accurately using great organize word or we can say no rambling sentences inside. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but tough core information with beautiful delivering sentences. Having ACCCN's Critical Care Nursing in your hand like obtaining the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world within ten or fifteen second right but this publication already do that. So , this can be good reading book. Hi Mr. and Mrs. stressful do you still doubt that will?

Norma Harrell:

Is it you who having spare time after that spend it whole day through watching television programs or just lying on the bed? Do you need something totally new? This ACCCN's Critical Care Nursing can be the reply, oh how comes? A book you know. You are so out of date, spending your time by reading in this completely new era is common not a nerd activity. So what these books have than the others?

Jennifer Wilson:

Do you like reading a guide? Confuse to looking for your best book? Or your book seemed to be rare? Why so many issue for the book? But almost any people feel that they enjoy for reading. Some people likes looking at, not only science book but additionally novel and ACCCN's Critical Care Nursing or others sources were given understanding for you. After you know how the good a book, you feel need to read more and more. Science publication was created for teacher or even students especially. Those books are helping them to increase their knowledge. In other case, beside science e-book, any other book likes ACCCN's Critical Care Nursing to make your spare time a lot more colorful. Many types of book like this.
