This interactive CD-ROM is broken up into three different tracks to suit a student's individual needs: acute care, long-term care and home care. The CD-ROM is an assessment based tool which includes approximately 1,200 questions - 400 for each track. The software includes review tests, multiple question types (multiple choice, true/false and click and drag tables for matching and sequencing), glossary, student summary, reporting and statistics. Within each track there are two modes - tutorial and testing. The tutorial mode will include hints and rationales with each question, as well as access to a glossary. The testing mode allows learners to select questions by type, quantity, and subject to test their knowledge. Video, audio and graphics are included for reinforcement of concepts. Video clips of actual demonstrations of procedures will assist learners in developing critical skills. Supplements Instructor's Manual 0-8273-9065-3, 64 pages, 1 color
