Theory of the five elements: The ultimate tool for success # 1 is a guide to live harmoniously with nature as well as the tools to guide people to success. For centuries, politicians, merchants and parents on the East have used this for their daily decisions making. Whether to find a business partner, a politician mentor, or a wife or husbands for their children, people most of the time apply religiously this theory. Many writing have dealt with this subject, yet no one to this day has put it simply scientifically terms allowing the mass to understand and benefit from it
