Titan #6: Synthesis (Star Trek: The Next Generation) James Swallow

He's fast. She's furious. They're in for the ride of their lives.

Rising star Roxanne St. Claire puts the pedal to the metal in a story of intrigue and passion that will get your heart racing!

When sexy NASCAR racer Beau Lansing tracks down high society debutante Celeste Bennett, it's a matter of life or death. Stunned at the secret Beau reveals, Celeste is forced to make a life-altering decision. But with her love life on the skids and her family life in a tailspin, escaping incognito into Beau's world is just what she needs -- especially if she can get answers about her past.

Beau needs Celeste to save a man's life -- he never expected a high-octane attraction that could wreck his well-protected heart. And when Celeste's life is threatened by someone who clearly knows her real identity, Beau has to risk everything -- including his own life -- to save her. With menacing forces in the driver's seat and time ticking too fast, the two must win the biggest race of all...the race for their lives and their love.

From reader reviews:

Rosa Rogers:

In other case, little people like to read book Titan #6: Synthesis (Star Trek: The Next Generation). You can choose the best book if you like reading a book. Given that we know about how is important some sort of book Titan #6: Synthesis (Star Trek: The Next Generation). You can add understanding and of course you can around the world by the book. Absolutely right, mainly because from book you can realize everything! From your country until finally foreign or abroad you may be known. About simple thing until wonderful thing you could know that. In this era, we could open a book or maybe searching by internet gadget. It is called e-book. You need to use it when you feel bored to go to the library. Let's read.

Carolyn Baird:

What do you about book? It is not important along with you? Or just adding material when you want something to explain what the one you have problem? How about your free time? Or are you busy individual? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everyone has many questions above. They have to answer that question because just their can do this. It said that about reserve. Book is familiar on every person. Yes, it is right. Because start from on kindergarten until university need that Titan #6: Synthesis (Star Trek: The Next Generation) to read.

Richard Plummer:

Information is provisions for people to get better life, information presently can get by anyone with everywhere. The information can be a understanding or any news even restricted. What people must be consider any time those information which is within the former life are difficult to be find than now could be taking seriously which one is suitable to believe or which one the particular resource are convinced. If you receive the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All those possibilities will not happen inside you if you take Titan #6: Synthesis (Star Trek: The Next Generation) as the daily resource information.

Susan Garrard:

Your reading sixth sense will not betray a person, why because this Titan #6: Synthesis (Star Trek: The Next Generation) publication written by well-known writer who knows well how to make book that may be understand by anyone who read the book. Written with good manner for you, dripping every ideas and writing skill only for eliminate your own personal hunger then you still uncertainty Titan #6: Synthesis (Star Trek: The Next Generation) as good book not only by the cover but also by content. This is one e-book that can break don't evaluate book by its protect, so do you still needing a different sixth sense to pick this particular!?! Oh come on your examining sixth sense already told you so why you have to listening to another sixth sense.
