**Tom Clancy's Op-Center: Into the Fire: A Novel** Dick Couch, George Galdorisi

When a team of assassins murder a high-ranking North Korean general and his family in their sleep, making it look like a robbery, events are set in motion that could shake the balance of world powers. Meanwhile, a U.S. naval combat ship, the USS *Milwaukee*, is attacked by North Korean forces in the middle of a training exercise, and Commander Kate Bigelow is forced to ground the ship to avoid being captured. The crew takes refuge on a tiny island, trapped dangerously between the grounded ship and a fleet of hostile North Korean soldiers.

## **INTO THE FIRE**

Op-Center intelligence discovers a secret alliance behind the attack—one in which North Korea guarantees China total control of a vast oil reserve found beneath the Yellow Sea. As both sides marshal their forces for a major confrontation at sea, Chase Williams and his Op-Center organization devise a plan to secretly spirit the American crew from the island. But the North Koreans have something else in mind, and soon they unleash a terrorist cell on the American homeland. Can Op-Center uncover their plan and prevent a major catastrophe that could lead to all-out war?
