Everybody Is Stupid Except For Me Peter Bagge

The first edition of Peter Bagge's hilariously barbed visual essays sold out; now available with more material.

Fans of Peter Bagge's generation-defining, satirical fiction may not realize this, but the cartoonist doubles as an opinionated cuss, and has been contributing provocative (but still hilarious) comic-strip opinion pieces to *Reason* magazine for the last several years...collected in this volume. Although a libertarian by inclination, Bagge is hardly dogmatic, and many of the pieces undermine traditional party lines in favor of a personal, rational and informed take on hot-button issues that will force partisan Democrats and Republicans alike to rethink them. And of course, Bagge's well-researched comic strip "essays" crackle with the same energy and wit that propelled him into the collective Gen X consciousness with his comic book series *Hate*. Favorite topics include the erosion of our civil liberties (whether the post-9/11 Bush administration's gradual erosion of the Bill of Rights, the insanity of the war on drugs, or nanny-state meddling), ongoing boondoggles of the American public (for professional sports stadiums or ineffective public transportation systems), the Iraq war, so-called art and so-called entertainment, the homeless, politicians both in general and in particular (including the 2008 presidential race and a revelatory one-on-one with Republican not-so-hopeful Ron Paul), and whether citizens should be allowed to own bazookas. Each piece features the voluble Bagge himself front and center as the puzzled, indignant, or deeply conflicted everyman-on-the-street trying to make sense of this 21st Century. And of course, every panel is delineated in Bagge's glorious, laugh-out-loud stretchy 4-color cartoon style, making even his disquisitions on some very serious topics go down as smoothly as Buddy Bradley's latest escapade. BONUS: This new edition of the sold-out *Everybody Is Stupid* features an extra 20 pages of never-before-collected comics, including an epic biography of eccentric libertarian (and Ayn Rand contemporary) Isabel Mary Paterson. Full-color illustrations throughout
