Broken Vision Horacio Jones

Welcome to the FIRST book written by Horacio Jones. If you find yourself questioning the purpose of the heartache that finds you, look at the way you allow people to love you. This vision does not exclude self-accountability. More often than not, truths expose just as much about ourselves because we are responsible for what we tolerate and how we react. Move from the cloud of defensiveness and be receptive to the idea that you enabled bad behavior by being faithful to it. We all have habits of romanticizing the time in an effort to negate the inconsistent love. Most of us fall into the safety net of familiarity in fear that the freedom of real love does not exist. This is self-entrapment, but love is emancipating. Horacio surrenders his own experiences as a reminder of our common ground then proceeds to release us to where we hope to be. The discomfort that you may feel is the process of being removed from your comfort zone, so you may experience the newness that you were blocking all along. If you want to do some soul searching, or to hear something you already know, but needed confirmation that you weren't going crazy, and that more people than you think, relate to your situation, then this book is for you. Broken Vision is just observations, experiences, clarity, and reality. And I believe that no matter who you are or what background you have, there is something in this book that will resonate with you and leave you “thirsty” to read more.
