Solipsism A.L. Patterson

Cosden Ke's life has long been ordinary. But soon it becomes anything but ordinary when a charismatic professor takes him on a journey through time and space as they travel through the enigma of the only mind in existence. Just as one understanding of life ends, another begins... through unfathomable dimensions. But they soon face an ominous threat to universal actuality- faceless shadowy figures known only as the "Dark Men" who seek to suppress the truth of the universe- both its beginning and its end. Unfortunately, Solipsism cannot be explained. It can only be experienced. A.L. Patterson is a writer, educator, and research assistant who resides in Augusta, GA. When he isn't writing or teaching, he's solving centuries old Moscow math puzzles. "Solipsism" is his debut novel.
