Art I Love Sam Shaker

My book is based on teaching art students step by step portraiture and art technique, with a mild history of art as you cannot do one without the other. With a celebrity twist, there is the appeal of people to paint iconic images of their favorite pop stars. For parents wanting to learn how to paint their own children's portraits, there is a section of the book on painting children. I wish to have my photo with my beloved Amy on the back cover of my book as she was my main supporter for the past five years - without her encouragement, support and love of art this book would not exist. Sadly Amy is no longer with us but her spirit will live on in my book with her photos and art gallery for her fans all over the world to enjoy. I have no doubt in my mind that Amy would be happy to be on the cover of the book.
