A Documentary History of Communism and the World: From Revolution to Collapse

In the ten years since the last edition of this book, the world has undergone tremendous and, seemingly irrevocable change. With the virtual demise of the international communist movement and the increasing isolation of the remaining old-style regimes, communism has become history. Robert V. Daniels has updated his definitive work to chronicle the last years of international communism. It contains a new chapter with 22 documents pertaining to such key ideas and events as perestroika, the Velvet Revolution in Czechoslovakia, the dissolution of the Warsaw Pact, and the Tiananmen Massacre. Together with his Documentary History of Communism in Russia, this book provides a complete documentary history of the communist movement from Lenin and world revolution to Gorbachev and the end of world communism.
