Caught Between Coming and Going Robert Michael Wynn

As you learn about life, you know that an encounter with death is in your future. Most of us don't know when that moment will come. This book presents a collection of short stories based on actual events of death encounters and life threatening situations. The stories are told from the spiritual perspective of the authors Christian Beliefs. With the exception of the Georgia State Trooper in a senseless act of violence, the names of the characters and places have been fictionalized by the author. Any similarities to actual events, any person or place is strictly confidential.

The fictional story, running out of time, reveals the drama of a bad decision by a police officer and the horrible consequences repaid on his close friends, who try to help him out in a jam. All of the fictional stories were constructed from the author's imagination and based on hid Christian religious education and reading the holy bible.
