Naledi and her brother Noli are as different as day and night. Naledi is a young girl who loves the sun, and on sunny days she takes pictures of her beautiful home in Cape Town, South Africa with her favorite camera; but her older brother Noli prefers the moon, and loves to gaze at the stars at night with his telescope. It's only when Grandpa Outa tells them a story about how the stars were born, that Naledi and Noli realize they aren't so different after all. Do you know the story of the Star Road?
