## **Lake Roosevelt: A Thunder Mountain Novel (Volume 5)** Dean Wesley Smith

In a small diner on the Oregon Coast, Kelli Rae meets a handsome man named Jesse Parks. Turns out she had seen him in a picture taken in an old mining town in Idaho over a hundred years before. And even worse, he had been following her. A time-travel adventure in the popular Thunder Mountain series that promises to change everything about the series. The fifth standalone novel in the popular Thunder Mountain series.

“Thunder Mountain by Dean Wesley Smith is one of those reads that defies genre classification. Take some romance, throw in a little bit of historical fiction and add a dash of time travel and science fiction and you have the basis for this interesting story. ... The premise for Thunder Mountain is intriguing and will appeal to fans of both historical and science fiction. This is an easy, light read, and I am interested in revisiting these characters on their future adventures.” —Fresh Fiction “The romance between Dawn and Madison is warm and primarily private. The time travel is creative and the history detail is rich and engaging. This story and reading pace moves along quickly. This is an entertaining story and I recommend it to readers who enjoy a fun time travel to the old west with romantic element.” —Martha’s Bookshelf on Thunder Mountain
