**A pair of teens must face a demon from their past**

In Trona, California, an isolated mining town deep in the Mojave Desert, an unearthly creature once preyed upon the town's folk for decades. Armed with secrets from a puzzle box, Camm and Cal stood against the creature and believed they vanquished the monster. But when they hear that Trona's children are still disappearing, the teenagers, with unsuspecting friends in tow, return to warn the innocent townspeople of the true nature of the creature. However, things have changed; death has come in a new form and the balance between dimensions has been altered. Only a band of few misfits can stop the coming desolation—but it may already be too late.
