A grimoire to some, an anarchist's cookbook of Blood Sorcery and Necromancy to others, the Blood Sorcery Bible is the first book of its kind to openly discuss the intricacies of Blood Sorcery from the science of self-vivisection to the combination of sexual fluids and magnetics.

If you are looking for a fairy tale about wizardry or if you are seeking a deity from which to seek permission, this is *not* the book for you. On the other hand, if you desire to dip into the pot with your Left Hand and manipulate situations to your benefit, ***this is your Bible!***

*The author has spent over twenty-five years experimenting and practicing the mechanics and physics of Blood Sorcery. The result is this manual, offered to those who are not afraid to work Dark Sorcery to create the world they envision for themselves.*
