## **Electroboy: A Memoir of Mania** Andy Behrman

**Electroboy** is an emotionally frenzied memoir that reveals with kaleidoscopic intensity the terrifying world of manic depression. For years Andy Behrman hid his raging mania behind a larger-than-life personality. He sought a high wherever he could find one and changed jobs the way some people change outfits: filmmaker, PR agent, art dealer, stripper-whatever made him feel like a cartoon character, invincible and bright. Misdiagnosed by psychiatrists and psychotherapists for years, his condition exacted a terrible price: out-of-control euphoric highs and tornadolike rages of depression that put his life in jeopardy.

Ignoring his crescendoing illness, Behrman struggled to keep up appearances, clinging to the golden-boy image he had cultivated in his youth. But when he turned to art forgery, he found himself the subject of a scandal lapped up by the New York media, then incarcerated, then under house arrest. And for the first time the golden boy didn't have a ready escape hatch from his unraveling life. Ingesting handfuls of antidepressants and tranquilizers and feeling his mind lose traction, he opted for the last resort: electroshock therapy.

At once hilarious and harrowing, **Electroboy** paints a mesmerizing portrait of a man held hostage by his insatiable desire to consume. Along the way, it shows us the New York that never sleeps: a world of strip clubs, after-hours dives, and twenty-four-hour coffee shops, whose cheap seductions offer comfort to the city's lonely souls. This unforgettable memoir is a unique contribution to the literature of mental illness and introduces a writer whose energy may well keep you up all night.
