Miles Davis: The Early Years

Bill Cole

Miles Davis: The Early Years Bill Cole

Bill Cole's study of the music of Miles Davis covers his career from his first meeting with Charlie Parker up to his experimentation with electric music in the early 1970s. Cole sheds new light not only on Miles Davis's technique, recordings, and philosophy, but on those of his fellow musicians as well: Charlie Parker, John Coltrane, Dizzy Gillespie, Clifford Brown, Bill Evans, Gerry Mulligan, and Charles Mingus, among others. Supplemented with thirteen musical transcriptions of his solos and a complete list of his recording sessions through 1972, *Miles Davis: The Early Years* illuminates much more than the life and work of one of jazz's most innovative musicians: It explores the very nature of African American music itself.
