When Lance comes across an astonishing online classified ad - "hottest parties around, respond for more info" - he's still in the wake of a nasty breakup. This opportunity, promising more than even the most sexually adventurous mind can fathom, makes him certain of two things: he wants to hit this fancy hotel and partake in a night chock full of erotic sights, sounds, pleasures, and curiosities too numerous to resist...and he definitely isn't about to do it alone.

Emily has been attracted to Lance since they first started working together, but she's always kept her distance while he had a girlfriend. Now, though, when he approaches her about an off-the-hook party, she shocks him by saying yes to his invitation. Once she agrees to embark with him on a journey neither have experienced - nor will they soon forget - everything changes between them. Suddenly they're not so sure who they are to each other. This night will see them cross unimaginable boundaries and give in to temptations about which they've only ever dared to fantasize.
