Excerpt from A Dissertation on the Assemblies of the Athenians: In Three Books

In the time of Solon, however, and that immediately succeeding him, there was not much danger that the management of so many important affairs would ever devolve upon the fickle and ignorant mob, composed of the poorer citizens. For at that time they had no pay for attending at court; a circumstance which alone was likely to deter the working mechanics from injuring themselves and their families by meddling with public affairs which offered them no compensation. Hence they seldom gave in their names to be balloted for, but relinquished the whole Of this department to the rich.
