Wilks was a space marine with a near-fatal flaw: he had a heart. Billie was a child, the only survivor of a far-flung colony outpost. Thrown together in the last hellish night of an Alien invasion, Billie and Wilks helped each other get out alive. Thirteen years later, Wilks is in prison and Billie lives in a mental institution, the nightmare memories of the massacre at Rim seared into her mind. Now the pair get a chance to be reunited. To go back to that outpost where it all happened, to finally end the business between themselves . . . and the Aliens. This is the very first of the remastered Aliens trade paperbacks! Dark Horse is going back through each of its past Aliens graphic novels and revising images and text to bring the entire story into a single line of continuity with the motion pictures and the wildly popular Bantam novels. Once a black-and-white collection, this remastered edition boasts full-color art, an updated script, a new John Bolton cover, and a gallery of never-before-seen Mark A. Nelson art! Get ready for the remastered line!
