## **Beyond the Light Barrier: The Autobiography of Elizabeth Klarer** Elizabeth Klarer

This is the autobiographical story of Elizabeth Klarer, a South African woman, and Akon, an astrophysicist from Meton, a planet of Proxima Centuri that, at a distance of about 4.3 light years, is our nearest stellar neighbor. Elizabeth was taken in his spaceship to Meton, where she lived with him and his family for four months and where she bore his child. Her life on Meton is fascinatingly described. Akon brought Elizabeth back to Earth after the birth of their son and continued to visit her thereafter.

Akon explained how his spaceship's light-propulsion technology operated, and how it allowed him and his people to travel across vast interstellar distances. This technology is explained in detail in the book.

Elizabeth was given a standing ovation at the 11th International Congress of UFO Research Groups at Weisbaden in 1975, and her speech as guest of honor was applauded by scientists of twenty-two nations.

Light Technology Publishing is proud to bring you the long-awaited American edition of Beyond the Light Barrier, which was first published in English in 1980.
