Discovering STEM at the Amusement Park (Stem in the Real World) Cynthia Roby

Rollercoasters, tilt-a-whirls, games, and colorful lights abound at the amusement park, where STEM subjects come to life on a daily basis. Readers learn how STEM subjects—science, technology, engineering, and math—make amusement parks fun and safe, and how these classroom concepts are used to run each part of a park's operations. This curricula-based text teaches readers to see how concepts learned in the classroom are applied in the real world. Readers are also encouraged to seek STEM careers that could one day land them in some of the happiest places in the world. Fact boxes and colorful images support the information-rich text.
